EDUCATION

BFA in Media Arts: Animation, Minor in Game Design | Northeastern University, Boston, MA, 2019

WORK EXPERIENCE

Project Manager, PotionAI. San Francisco, CA
(Dec. 2022 - Current)
Manage and direct vendors during data extraction for machine learning model training
Write technical documents for each project, tool, and method used in data collection
Meet with executive staff to discuss projects' status and desired outcomes

Animation Director, Season 10 Stage Productions. West Hollywood, CA
The Pillowman (Jun. - Aug. 2023)
Created 2D, storybook-style animated videos to be played during live-stage production
Storyboarded, character design, backgrounds, key art, and edited
Attended rehearsals and worked with clients remotely to decide key design elements and story details

Animation Contractor, Greater Good Science Center. Berkeley, CA
(Mar. 2020 - Jun. 2021)
Created 2D animated videos centered on topics of child development and public/social health
Storyboarded, design, key art, in-betweens, motion graphics, and edited for all videos

Cutscene Animator, Piper Inc., San Francisco, CA
(Jan. - Aug. 2017, Jun. - Sep. 2019)
Created 3D, narrative, and instructional animated cutscenes for children's educational games teaching
fundamentals of computer engineering
Storyboarded, modeled, textured, rigged, previs, camera, animated, lit/rendered, and edited
Designed product packaging, web graphics, and other promotional material

Production Intern, Cartoon Network, Burbank, CA
Infinity Train (Jan. - Apr. 2019)
Prepared digital files for character and effects artists, and organized asset libraries
Participated in story pitches and development meetings with the team
Prepared scripts for cast recordings
